

HOMEstretch Proposal

Light Handyman Work (LABOR + MATERIALS)

Total **\$2,755.00**

SCOPE DETAILS ^

\$100 Per Hour Plus the Cost of Materials:

- Kitchen: Replace 4-panel fluorescent bulb light fixture (upgrade to 4'x2' LED panel)
- Kitchen: Repair dishwasher + end panel installation issue (attempt reuse; notify if replacement needed)
- Bathroom 2: Replace strip vanity light fixture (junction box/wiring location may require additional work; notify client / extra charge)
- Bathroom 2: Replace builder-grade panel mirror with framed mirror (removal may reveal wall damage; patch/paint may be required; notify client / extra charge)
- Main Bathroom: Replace strip vanity light fixture (junction box/wiring location may require additional work; notify client / extra charge)
- Main Bathroom: Replace builder-grade panel mirror with framed mirror (removal may reveal wall damage; patch/paint may be required; notify client / extra charge)

Strip lights: Builders sometimes install Hollywood strip lights without a properly centered junction box or wiring over the vanity, and we won't know until the old light is removed, if corrections are needed, we'll notify you before proceeding and additional labor/patching may apply

Panel mirrors: Removing a builder-grade glued panel mirror can reveal wall damage or adhesive marks that the new mirror may not cover, and we won't know until it's removed, if repairs are needed, we'll notify you and any added work would be quoted separately.

Materials: Fixtures, mirrors, and materials for expected repairs are included in this service price.

The final handyman invoice is calculated based on actual hours, in 15 min increments, worked on completing the above tasks and the cost of purchasing any necessary materials to complete the job.

For the purposes of this quote, we've inserted our best estimate of the time needed to perform the above tasks. The final cost may be more or less than the provided number based on actual time spent and final fixture selection.

The time begins as soon as a HOMEstretch Team Member is on the client's property and ends as soon as a HOMEstretch Team Member leaves the client's property. Drive time is not billed.

Carpet Installation

Total **\$5,034.00**

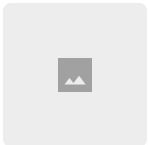

SCOPE DETAILS ^

Removal, haul-away, and disposal of old carpet. Installation of new carpet and carpet pad in the following areas:

- Stairwell
- 2nd Floor Hall
- Bedroom 1
- Bedroom 2
- Main Bed Room

Service includes "Hollywood" style bullnose stair installation, balcony edge cap, wrapped and capped installation on open steps.

An additional fee of \$250 per room can apply if HOMEstretch is required to move furniture or remove excess clutter prior to the installation of the new carpet.

Electric Range (Procurement + Coordination + Installation)

Total **\$1,027.86**

SCOPE DETAILS ^

Electric Range – Procurement & Coordination: HOMEstretch will facilitate ordering of one (1) electric range based on the client's selected model and specifications. HOMEstretch will also provide recommendation upon client's request.

Delivery & Installation Partner: HOMEstretch partners with a third-party appliance specialist who utilizes in-house delivery and installation technicians.

Scheduling & Facilitation: HOMEstretch will coordinate delivery timing and facilitate installation scheduling to align with the project timeline.

Like-for-like Install Only: Includes basic like-for-like disconnect/reconnect and placement of the new electric range.

Appliance line items are quoted as an "all-in installed" price (appliance cost incl. sales tax + delivery + installation (labor and materials) + coordination). Final price confirmed once the exact model is selected.

If existing electrical service is not suitable (incorrect outlet/voltage, unsafe wiring, code issues, etc.), a licensed electrician may be required at an additional cost. HOMEstretch will notify the client prior to proceeding.

HOMEstretch Bundled Price

\$8,816.86
